

### Education Savings Plans

### Three Types of Education Savings Plans

Type of Plan or Account	Investment Options	Contribution Limit	Withdrawal Criteria	Tax when Withdrawn
<b>Custodial UGMA/UTMA</b>	Unlimited	\$16,000 per year per donor	Benefit to the child	0 or parents' income tax rate <sup>1</sup>
<b>529<sup>2</sup></b>	Plan options	\$16,000 per year per donor	Higher education or up to \$10,000 per year K-12	None
<b>IRAs</b>	Unlimited	Depends on income	Higher education	Income tax rate

#### Terms Defined

**UGMA/UTMA:** Uniform Gift to Minors Act/Uniform Transfer to Minors Act allows a custodian to open an account for a minor until they reach adulthood (age 18–25)

**529:** Education plan operated by state or educational institution

**IRA:** Individual Retirement Account

#### Strategy

**IRA:** Max out retirement savings to take advantage of tax deduction and shelter

**Custodial:** Contribute to UGMA/UTMA until it has \$77,000 or earns \$2,300 (3%)

**529:** For excess contributions, since they can only be used for higher education

#### Example

*New parents want to pay for their child to attend college.*

Education will cost approximately \$500,000 (public) or \$600,000 (private), starting in 18 years.

Financed today with savings of \$150,000 (public) or \$180,000 (private), or by saving \$1,000 (public) or \$1,500 (private) per month for 20 years.

#### Assumptions:

Private university tuition is \$60,000 and grows at 3.5%

Public university tuition is \$20,000 and grows at 7%

Room and board cost \$20,000 and grow at 3.5%

7% investment return
